## FULL DESCRIPTION

This exceptional home has been thoughtfully remodelled and modernised throughout, offering flexible accommodation with up to four bedrooms and two reception rooms. At the heart of the property is an impressive open-plan kitchen/family room with high-end finishes and expansive bi-fold doors that flood the space with natural light and offer seamless access to the beautifully landscaped rear garden.

A separate utility room and stylish ground floor shower room provide practicality, while the elegant lounge leads through to a striking feature archway - a nod to the home's original character - that once served as the main entrance. Upstairs, the generous main bedroom enjoys direct access to a Juliet balcony with elevated views over the garden and surrounding countryside. Two further double bedrooms are also located on the first floor, while a

fourth room on the ground floor is currently used as a study, offering flexibility as a guest bedroom, home office, or playroom.

The ground floor rear extension has been built with foundations engineered to support a second storey, providing scope for further expansion, subject to necessary planning consents. To the front of the property, an original detached stable block offers excellent potential to be converted into a garage or studio, also subject to planning.

Additional features include a large stone-chipped driveway offering extensive off-road parking, and the benefit of this being the first time Bamclose has been available on the open market - a truly unique and stylish home in an idyllic setting with the convenience of nearby amenities in Kenilworth Town Centre.
