Located in the popular Monk's Hill area of South Croydon, within easy reach of Selsdon's main shopping area and near to regular bus services and Tramlink this attractive semi-detached house has very spacious and flexible accommodation, with the addition of a sympathetic self-contained annex extension to the side.

The original part of the property is accessed via the porch at the front of the house which leads to an entrance hall. There is a square shaped reception room and a generous 18' kitchen/dining room, both of which have French doors to the beautifully bright conservatory at the rear. There is also a downstairs cloakroom and a utility room which also provides a link through to the annex. On the first floor of the main house there is a master bedroom with a built-in wardrobe, two further good-sized bedrooms and a bathroom/wc.

The annex can also be accessed via its own door to the front. There is a 23' open-plan reception room with kitchen area and French doors to a rear patio area. Beautifully crafted stairs rise from the living space up to the first floor where there is a dual-aspect double bedroom and an en-suite shower-room/wc.

Both the annex and the main house benefit from gas heating and double glazing. The property also has a bank of twelve solar panels on the rear of the roof to take full advantage of the very sunny aspect. We understand the property has a battery in the loft for its own electricity storage and that the property also feeds back to the National Grid.

Externally the front garden has been paved to provide off-road parking, whilst the wide, landscaped rear garden enjoys a very sunny Westerly aspect – the perfect spot for a Summer sunbather!

The annex and the main house currently share utilities however they do enjoy separate council tax ratings of 'B' and 'D' respectively. It may be possible to separate the two properties fully onto separate titles subject to the usual consents.
