Thatched Cottage, 9 Chiltern View, Tetsworth, OX9 7AL

Thatched Cottage is a delightful early 17th century detached property, with three bedrooms, sitting on a stunning plot of c.0.8 acres in the well-connected South Oxfordshire village of Tetsworth. With off road parking, garaging, large workshop and separate home office, the property could suit someone looking to operate a small business from home. The house is a short walk from the primary school and popular village pub. A 5-minute drive will take you to junction 7 of the M40 and the market town of Thame is just 10 minutes away.

THATCHED COTTAGE

Thatched Cottage is an utterly charming, traditional country cottage that, from the outside, seems magically suspended in time. Neatly tucked back from the lane behind a mature hedge, the property is accessed via a short driveway with gated entrance and includes parking for several cars. Externally, there is a generous size wrap around front and rear South facing lawned garden and a delightful orchard garden with mature trees and hedging for privacy, backing onto farmland.

In times gone by, Thatched Cottage was actually three farmworker's cottages. Today, the house is a single, beautiful home, which has been sympathetically refurbished and maintained by the current owners. Into the house through the rear entrance porch, that leads into a good sized kitchen, which has a wonderfully warm and welcoming feel. The kitchen is traditional in style, with an ESSE electric range cooker, butler sink, original fireplace and limestone flooring with underfloor heating. There is also plenty of space for a family table and chairs. Adjoining the kitchen is a charming sitting room with spectacular inglenook fireplace and exposed beams. Snug and cosy but with plenty of space, this is a room to enjoy on a cold winter's night with the fire roaring.

On the opposite side of the kitchen, there is a 2nd reception room, currently set up as a dining room, with brick fireplace and working woodburning stove. The cottage also has the additional bonus of a further reception space off the sitting room, a perfect snug or even a ground floor bedroom with French doors that open out onto the paved terrace. To the rear of the property, there is a downstairs shower room/guest cloakroom and the adjoining utility room is a lovely, practical bonus. Perfect for pulling off muddy wellies

after a long walk and drying off damp dogs!

As if one staircase wasn't enough, Thatched Cottage offers a choice of two which lead you upstairs and....wow! The master bedroom is a showstopper - generous in size, light spills in, giving the room a soft, warm glow. The family bathroom is also a beauty, with a slipper bath. The second and third bedroom are both good sized characterful double bedrooms. Beams abound throughout the upstairs, but the floor is light and warm underfoot, with soft cream carpets.

And then there's the outside space....the garden is an absolute countryside dream and it also includes driveway parking, garaging (2 carports and a single garage), an impressive workshop or 4 bay garaging (40ft x 15'11ft) and a separate home office. There may also be the potential to convert the workshop into a self-contained annexe subject to planning consent.
